Assessment

Week 10 : Assignment

The due date for submitting this assignment has passed. Your last recorded submission was on 2026-09-29, 14:06 IST.

Due date on 2026-09-30, 23:59 IST

1. Students in schools typically expect — 1 Point

- [x] Well defined questions
- [x] Question paper patterns to be finalized in advance
- [x] Clarity on the "portions" for an exam
- [ ] Questions outside the syllabus

Yes, the answer is correct. Score: 1 | Accepted answer is Well defined questions, Question paper patterns to be finalized in advance, Clarity on the "portions" for an exam

2. From the perspective of a school student the question "How long will it take to go from Chennai to Kolkata" is — 1 Point

- (●) A "poorly" defined question
- ( ) Is a well defined question
- ( ) Is typically how a full question is framed in an exam
- ( ) Has a unique

Yes, the answer is correct. Score: 1 | Accepted answer is A "poorly" defined question

3. The format of exams in schools — 1 Point

- [x] Helps you understand fundamentals
- [ ] Teaches you to breakdown a problem to parts and solve them
- [ ] Prepares you for a professional setting
- [ ] Teaches you to handle unexpected questions

Partially Correct. Score: 0.33 | Accepted answer is Helps you understand fundamentals, Teaches you to breakdown a problem to parts and solve them, Prepares you for a professional setting

4. A typical professional workplace requires you to — 1 Point

- [x] Handle open ended questions
- [x] Solve "poorly" defined problems
- [ ] Focus on syllabus
- [ ] Work within a question paper pattern

Yes, the answer is correct. Score: 1 | Accepted answer is Handle open ended questions, Solve "poorly" defined problems

5. Learning in college is expected to — 1 Point

- [x] Prepare you for professional life
- [ ] Focus only on well-defined problems
- [x] Teach you to handle open ended problems
- [ ] Follow the same approach used in school

Yes, the answer is correct. Score: 1 | Accepted answer is Prepare you for professional life, Teach you to handle open ended problems

6. Applying a known theory to one additional new situation is most likely — 1 Point

- ( ) Breakthrough research
- (●) Incremental research
- ( ) Transformational research
- ( ) Important contribution to research

Yes, the answer is correct. Score: 1 | Accepted answer is Incremental research

7. Use of a series of Experimental techniques to study the same phenomenon across different samples is typically an example of: — 1 Point

- (●) Systematic research
- ( ) Transformational research
- ( ) Incremental research
- ( ) Breakthrough research

Yes, the answer is correct. Score: 1 | Accepted answer is Systematic research

8. In the development of phones, which of the following can be considered transformational — 1 Point

- First deployment of the landline
- First deployment of the cordless phone
- The improvement from cordless phone to mobile phone
- Making the first-generation mobile phones smaller and more colorful

Yes, the answer is correct. Score: 1 | Accepted answer is The improvement from cordless phone to mobile phone

9. In the development of bicycles, which of the following can be considered transformational — 1 Point

- Improvement from wooden seat to cushioned seat
- Making the seat more ergonomic
- Adding a carrier
- Adding gears to a bicycle

Yes, the answer is correct. Score: 1 | Accepted answer is Adding gears to a bicycle

10. In the development of airplanes, we can associate imagination with — 1 Point

- Designing fixed wings even though birds have flapping wings
- Adding seats inside an airplane
- Creating a cargo version of the airplane
- Adding more engines to the airplane

Yes, the answer is correct. Score: 1 | Accepted answer is Designing fixed wings even though birds have flapping wings
